Dear Dr. Christoph Schmidt,

This is in response to your letter to our company dated on April 18, 2016.

Thank you very much for expressing your concern to our products, “Cup Noodles Luxury Thickness Shark Fin Soup Flavor” and “Cup Noodles Luxury Broth Softshell Turtle Soup Flavor,” and some inquiries for them.

In our Cup Noodles Luxury Thickness Shark Fin Soup Flavor, a tiny amount of shark fin collagen peptide supplied from Taiwan is contained as one of its ingredients.

Likewise, a tiny amount of softshell turtle powder supplied from China is contained in Cup Noodles Luxury Broth Softshell Turtle Soup Flavor.

However, neither of the ingredients are in breach of any laws nor regulations, and are only used which are met thoroughly our company’s rigid quality standards. Therefore, our group will continue to produce and sell these two products.

Yet, we would like to consult your comments in our future product development and marketing plan.

Your kind understanding would be deeply appreciated.

Sincerely yours,

白井 俊仁

Toshihito Shirai,
